## Stand security

Event by

Guide de l'exposant – WNE – novembre 2025

Organized by

### Stand security

The organiser is responsible for general security during the trade show. This is an obligation of means and not of results. We recommend that you have security for your stand, especially at night.

**We remind you that there is a high risk of theft during build-up and dismantling. Please keep a close eye on your personal effects.**

See Stand Security Guard in your online Exhibitor Portal.

### Accidents and theft

Any accidents must be declared in writing to the organiser and, under penalty of losing the right to insurance, must be declared to their insurance company using the standard forms available to the exhibitor. This claim must be made within twenty-four hours in the event of theft or within five days in other cases, indicating the circumstances of the accident and the approximate amount of the losses. Any theft must be reported by the exhibitor to the police authorities in the jurisdiction of the trade show. The original of the complaint must be attached to the claim form.

#### Within 24 hours

Report the theft to the local police:

**Commissariat de Police**

1 avenue Jean Fourgeaud 93420 Villepinte – +33 (0)1 49 63 46 10

#### Within 48 hours

Give a copy of the police report to the organiser or after the exhibition, post it to:

During the opening

Event by

Guide de l'exposant – WNE – november 2025

Organized by

### Sound animations and illuminated signs

Animations (sounds, videos, mascots, etc.) must be declared to the organiser for approval. The maximum noise level is set at 70 decibels, measured at 1 meter from the stand. The organiser reserves the right to lower this threshold if the noise emission causes a significant disturbance to surrounding stands.

Exhibitors are solely responsible for adhering to intellectual property rights related to music. Therefore, exhibitors must obtain a licence for the music they plan to use at their stand from SACEM and ensure payment is made before the show.

<https://clients.sacem.fr/autorisations/manifestation-avec-de-la-musique-en-fond-sonore>

The exhibitor must hold the organiser harmless against any recourse and/or any third-party claims due to non-fulfilment of its obligations.

All forms of attractions/events and sales activities are strictly prohibited outside the stand unless the exhibitor has reserved this type of visibility with the organiser.

All light and sound advertising must be submitted to the organiser for approval, who may revoke the authorisation granted in the event of a disturbance to neighbouring exhibitors, the flow of visitor traffic or the trade show.

Rotating and similar lights are not permitted.

Illuminated signs or signage are permitted.

Under no circumstances may they have strobe or flashing lights.

# C. Practical information

During the opening

Event by

Guide de l'exposant – WNE – november 2025

## Distribution of advertising

Distributing advertising documents and goodies outside your stand is strictly prohibited. Handing flyers out in aisles is not allowed.

## Car park

Car park at the exhibition center will be charged during the opening of the exhibition. VIPARIS proposes for the exhibitors, parking places for the all duration of the event. This parking pass allow you to access unlimited time in and out for your vehicle. To order, go directly to: <https://www.viparisstore.com>

## Caterers

Exhibitors may use either the caterers at the site (Horeto) or caterers approved by the VIPARIS administration.

All caterers are authorized to provide services in the exhibition center, provided they register with VIPARIS before providing the service and sign a one-off-fee based contract.

Contact: VIPARIS – Myriam MOTTIN

Tel: +33 (0)7 60 86 65 23 / [myriam.mottin@viparis.com](mailto:myriam.mottin@viparis.com)

**Without this authorization, access to the exhibition center will be denied.**

## Adopt sustainable food service practices

Prevent food waste by ordering the right amount.

Choose organic, local and seasonal products.

Eliminate plastic by using reusable or recyclable tableware and by bringing your own water bottle.

Select a caterer that has a CSR policy and kitchens near the reception venue.

# C. Practical information

## Dismantling

**We recommend that you pass on this information to your transport companies, carriers and decorators.**

Event by

Guide de l'exposant – WNE – november 2025

### Turnkey stands and additional fittings

The storage spaces of these stands and rental furniture must be emptied of all their contents on the evening when the trade show closes, by 7:00pm at the latest, so that the installation crews can take down the stand.

### Bare stands – Cleaning

Exhibitors and their service providers must follow the schedule established by the organiser. Stand dismantling will begin on Thursday, November 6<sup>th</sup> from 6:00pm and will end on Friday, November 7<sup>th</sup> at 6:00pm.

#### The non-respect of this schedule will lead to:

- the dismantling of the booth, with costs at the charge of the exhibitor,
- the payment of a compensation for overstaying in proportion of the space (price per sqm),
- the payment of damages to the renter of the space.

**The exhibitor is bound to pay every costs caused by his default, his decorator/installer's default or by every physical or legal person under his responsibility.**

Please remove any advertising, multimedia, valuable products, or any other items you want to recover from your stand as soon as you start dismantling it.

**You must return your stand to its original condition. All rubbish (carpet, demolition rubble, adhesives, etc.) must be removed by November 7<sup>th</sup> at 6:00pm.** We will dispose of goods and materials that are not removed in time and will invoice the exhibitor for this at a later date.

**Exhibitors must dispose of their own rubbish and may not use the organiser's dumpster under any circumstances.**

For waste removal, we advise you to contact the companies in charge of cleaning the hall. See Cleaning Service in your online Exhibitor Portal.

## Foreign workers

### Reminder of rules

Event by

Guide de l'exposant – WNE – november 2025

Organized by

#### Article L 341-6 of the French Labour Code:

"No one may, directly or through an intermediary, hire, keep in their service, or employ for any period whatsoever, a foreigner who does not hold a permit authorising them to work in France." (translated from the French)

**NOTE:** if you use foreign decorators or stand designers to work on your stand, they must ensure that all foreign workers working on French soil are declared via the **SIPSI portal**:

[www.sipsi.travail.gouv.fr](http://www.sipsi.travail.gouv.fr)

Use of the **SIPSI TeleService** became **mandatory** on 1 October 2016. It is the only method authorised for submitting the preliminary declaration concerning the posting of foreign service providers.

As an exhibitor at the trade show and as a service client, you are responsible for ensuring that this is complied with. You must be given a copy of **the declaration of the posting**.

If these formalities are not complied with, the labour inspectorate may suspend your on-site work, or even cancel your participation in the trade show.

For more information on this subject, please visit the SIPSI website: [Sipsi \(travail.gouv.fr\)](http://Sipsi(travail.gouv.fr)), or : Professional immigration: recruitment of foreign workers - Direccte Ile-de-France

In accordance with French legislation, any contractor working on the site must keep regulatory employee registers available to the Labour Inspectorate, as well as the duplicates of work permits for foreign workers. Companies using temporary staff must ensure that:

- the person is fit to perform the work for which they were hired
- the fit to work certificate for the occupation in question has been issued
- the person concerned is legally entitled to work (work permit, residence permit)
- the staff has undergone safety training

Any employer established outside of France who plans to provide a service in France must submit a **PRELIMINARY DECLARATION CONCERNING THE POSTING** of employees to the labour inspectorate of the place where the service is to be provided before starting work in France.

## Worker safety

### Reminder of rules

During build-up and dismantling periods, access to the exhibition and event areas is restricted. You must follow the instructions given by the organisers and anyone in charge of access and security.

- PPE (Personal Protective Equipment) must be worn throughout the exhibition build-up and dismantling periods.
- Safety shoes mandatory during build-up and dismantling.
- The emergency exits must remain clear and accessible.
- Fire hose reels (RIA) must remain accessible at all times.

Ladders, stepladders and step stools must not be used as a workstation.

The use of aerial work platforms is subject to regulations in force.

The use and operating conditions for aerial work platforms must be posted on the platforms.

The driver and spotter **must wear a helmet.**

The driver must have a **CACES license or any equivalent** permit: driving permit issued by the employer after verification of medical fitness (annual certificate) and practical training test.

The driver must be at least 18 years of age.

## Let's work together towards a sustainable Trade Show

EQUIPHOTEL is conscious of environmental and social issues and committed to a sustainable development approach.

**Let's work together.** We've put together the following advice to help you (re-)discover the best practices that you can follow to do your part.

### Use low-carbon transportation

Whenever possible, use low-carbon transport (train, river and sea transport, bicycles, electric trucks, etc.)

Pool deliveries with other participants at the event.

The trade show's official service providers, organise grouped transport.

### Reduce packaging

Avoid extra packaging as much as possible.

Try to use materials that can be recycled or even better, reused.

### Think eco-design

Try to use reusable and recyclable materials, as well as LED lighting.

We offer custom-made eco-designed stands.

We use "recyclable" and "reusable" pictograms on our order forms for easy comprehension.

### Use responsible advertising

Adapt the print run to your needs, use environmentally friendly materials, and ethical and/or zero waste goodies.

# Responsible exhibitors

## Upcycle your waste (stand structures, heavy materials, carpets, etc.)

Please do not use handling equipment for two hours after the event ends so that we can recycle our carpets.

Space-only stands: let us know as soon as you set up if you have materials or stands that can be recycled!

Organize your waste removal:

I have LESS than 1CBM of waste on my stand

*I sort waste into piles according to its type:*

- Cardboards
- Papers
- Catalogues

- Wood

- Scrap metal

- Plastic PE – clear plastic film

- Others  
Excluding electrical waste and electronic equipment

I have MORE than 1CBM of waste on my stand

I order waste collection from the service provider MILLENIUM. It will be recycled in a treatment centre.

## TO ORDER WASTE COLLECTION:

You will find the order form for the cleaning service provider in your Exhibitor Portal.

# Responsible exhibitors

## Reduce and recycle waste (packaging, magazines, flyers, bottles, etc.)

During build-up and dismantling, use one of the collection points to recycle your waste. During the trade show, recycle your sorted waste in the bins available to the public. After visitors have left, put the waste in the aisles, sorted according to its type:

# Architectural technical regulations

**Important:** by signing your application form, you have undertaken to comply with and to ensure that all decorators, installers or contractors comply with all the clauses of the general regulations, including the time allotted for setup and dismantling.

The trade show organiser reserves the right to have the general installer modify or dismantle (at the exhibitor's expense) any installations that do not comply with the architectural regulations and which are likely to disturb neighbouring exhibitors or the public.

The technical team will check all the installations of the stands and may reject those that do not conform to the approved design.

Furthermore, the organiser reserves the right to have a certified inspection body issue a report certifying the stability of the stand structures at the exhibitor's expense.

## **Hanging elements/slides:**

The suspended items to the Pavilion ceiling must only be installed by the VIPARIS technical service.

Orders must be taken on **VIPARIS STORE** : <https://www.viparisstore.com/en/>

Hanging elements must comply with the architectural rules.

Your hanging structures (or strung elements) must be inspected by a certified company in order to obtain a stability report.

Exhibitors must provide a certificate of compliance.

## Clear aisles

Exhibitors must leave **the aisles clear** of all pipes, cables/wires or decorative elements, both on the ground and overhead. However, pipes and cables meeting the requirements of the organiser, or the safety teams will be allowed to cross the stands if necessary.

## Stand boundaries

No decorations, furnishings, signs or lighting may protrude from the boundaries of your stand.

## Stands opening

Each side of a stand facing an aisle must have a **minimum opening of 50%**, in order to allow easy access to the stand, avoid disturbing neighbouring stands and to allow proper visibility and flow of visitor traffic.

The following may be considered as openings:

- **Any decorative elements or furniture not exceeding 1m in height, excluding low partitions.** (e.g.: plants, reception counters, etc.)
- **Any mobile elements, up to the full height of the stand, allowing physical access to the stand.**

The organiser reserves the right to have the layout of the project received modified for any purpose.

## Reused stands

Reused stands are subject to the architectural technical regulations, just like newly built stands. The plans must be submitted to our service provider in charge of approving stand designs.

## Multi-level stands

Multi-level stands are not allowed.

## Stands over 200 sqm

Please contact the fire safety officer of the show : [handisecur@handisecur.com](mailto:handisecur@handisecur.com)

## Velum

If you wish to install a velum, please confirm the percentage of coverage with our fire safety officer. A velum, classified M1 for reaction to fire, can be installed.

## Flooring

Stands are delivered with carpet except for stands installed by a decorator who supplies, installs, and removes it. Exhibitors will be charged for any damage they cause to the existing floor. They are responsible for taking all necessary precautions (plastic, plywood, etc.) to protect the floor from risks, especially painting.

## Damage

Exhibitors are responsible for themselves and for their suppliers for all damage caused to building structures during transport, installation or removal of their equipment.

Walls, floors, pillars: it is forbidden to drill, seal, bleed or cut them.  
It is also forbidden to paint them.

## Bulky equipment

Stands exhibiting bulky vehicles or equipment must submit their positioning to the technical exhibitor service for approval.

## Tethered balloons

Balloons inflated with a lighter-than-air gas (air or helium) and used as signs must comply with authorized heights and clearances. If the balloon is inflated with helium, no storage of helium cylinders (empty or full) will be authorized in the hall. It is also forbidden to re-pressurize the balloon while the public is present. If the balloon is illuminated, the envelope must have a M2 reaction to fire.

The length of their attachments must be definitive and respect the same recesses as the slung elements. Failure to comply with this requirement will entitle the organizer to remove the balloon.

## Post and pavilion cladding

Permanent wood cladding may not be painted, drilled or glued.

Permanent wood cladding has a height of 3 metres for pavilion 6.

They may be used in their entirety by exhibitors to hang signs or decorative elements.

All items fastened with staples must be removed by the exhibitor at the end of the show, and the cladding must be free of staples. It is forbidden to pierce, to paint, to coat or damage the pole. Otherwise, the restoration will be invoiced to the exhibitor.

## Smoke control and fire-fighting systems / fire hose reel

Smoke control and fire-fighting systems are mounted on cladding or perimeter pillars.

Intercoms must always remain accessible. Signs indicating fire-fighting systems must remain visible.

The fire hose reel must remain visible and accessible and therefore must not be blocked by any casing or decorative elements.

However, a floating curtain of neutral colour will be tolerated in front of the device.

A sign will be placed above the curtain (red plate, R.I.A. in white lettering or pictogram, 40 cm x 15 cm). It must be fully accessible, with a 1m wide path (at least) from the nearest aisle.

## Fluid distribution channels

Fluids distribution in the pavilion is ensured by a set of channels .

Channels and hatches are completely closed by cast iron plates that are forbidden to be handled. Only VIPARIS is authorised to use these channels.

For more information, please contact: [contact@e-viparisstore.com](mailto:contact@e-viparisstore.com)

## Important!

Access to water is not guaranteed for all stands and must be validated by the Exhibitor service. It is strongly recommended to install a technical floor to cover the water inlet and drain pipes. In addition, the organiser cannot provide chutes on the stands.

## Fire Safety Inspection

All installations must comply with the regulations issued by the *Prefecture de Police*. The General Commissioner will inspect all stand installations and may reject those that do not conform to the architectural technical regulations.

Due to the Fire Safety Inspection, stand build-up must be completed the day before the opening.

## Sound animations and illuminated signs

Animations (sounds, videos, mascots, etc.) must be declared to the organiser for approval. The maximum noise level is set at 70 decibels, measured at 1 meter from the stand.

The organiser reserves the right to lower this threshold if the noise emission causes a significant disturbance to surrounding stands.

All forms of attractions/events and sales activities are strictly prohibited outside the stand unless the exhibitor has reserved this type of visibility with the organiser.

All light and sound advertising must be submitted to the organiser for approval, who may revoke the authorisation granted in the event of a disturbance to neighbouring exhibitors, the flow of visitor traffic or the trade show. Rotating and similar lights are not permitted.

Illuminated signs or signage are permitted.

Under no circumstances may they have strobe or flashing lights.

## Exhibited vehicles

Vehicles set up on stand must have their fuel tank emptied, the battery inaccessible to the public and a fire extinguisher adapted to the vehicle.

For any further information, please contact our fire safety officer:

HANDI'SECUR - +33 (0)6 87 99 86 59 - [handisecur@handisecur.com](mailto:handisecur@handisecur.com)

## Accessibility for disabled people

Any stand equipped with a technical floor higher than 2 cm, on which the public may have to climb, must have an access ramp. The ramp must be 0.90 m wide and have a gradient of between 2% and 5%. The ramp must be integrated into the stand and must not extend into the aisles.

## Reminder of the general exhibition regulations

### Article 10.3 – Exhibitor's comprehensive Insurance

Exhibitors must be insured via the organiser against risks to the items presented. This comprehensive insurance covers casual loss or damage to goods belonging to an exhibitor or goods under his or her responsibility.

The coverage shall take effect from the moment said items are deposited at the exhibition space of the exhibitor. The coverage shall be terminated from the moment said items leave the exhibition space at the end of the event.

The following are covered, within the coverage limit of €15,000:

- Items exhibited, display equipment, furniture, and all other goods intended for inclusion within the exhibition space;
- Hired or borrowed property, including the exhibition space or the exhibition module supplied by the exhibition organisers;
- Audiovisual material and plasma/LCD screens. Audiovisual equipment used for advertising purposes (such as video recorders, cameras, camcorders, microportables) must be stored in a locked cupboard and/or special room closed to the public.

By contacting the organiser, exhibitors can take out additional optional coverage up to 1 000.000€

The limits and details of basic coverage and optional supplementary coverage can be consulted at the following link: [APPLICATION FORM](#)

The application form for this additional optional coverage is available at the following link: [APPLICATION FORM](#)

Please complete the form and return it by e-mail to:

## How does it work?

1. You have been allocated a stand number and your login details for your **Exhibitor Portal**. You will be contacted by our service provider to assist you with your stand.
2. You will receive a welcome email from **the service provider**.  
Follow the process indicated (connection to a platform, appointment teams or form to fill depending on your pack) and make your choices (example: carpet and partition colours) and additional orders (lighting or additional signage).
3. Would you like to order other services for your stand?  
Consult the list of our recommended service providers on page 43 or in your online **Exhibitor Portal**.
4. Your turnkey stand will be ready the day before the trade show opens (see schedule). The technical teams will be available on site for any requests regarding your stand.

## Furniture (except ESSENTIEL stand)

- For EASY and IDENTITY stands:  
You can select your **furniture endowment** from your **Exhibitor Portal (home page)**.  
You can choose between different types of furniture.  
However, you cannot change the content of an endowment.
- **Please note:** your choice of furniture will only be finalised once you have received a confirmation e-mail indicating that the order has been considered. (Remember to check your spam.)

You have confirmed the location of your stand.

You have been allocated a stand number and your login details for your **Exhibitor Portal**.

### Several options:

#### Option 1: Contact My Stand Maker

Our stand designers are at your disposal to help you create a customised stand that reflects your brand.

Find out more about this solution on page 42 and at [www.mystandmaker.com](http://www.mystandmaker.com)

#### Option 2: You have your own stand designer/decorator

Declare your service provider in your online **Exhibitor Portal**.

Your stand design must comply with the architectural rules as well as fire safety regulations.

#### Option 3: Design your stand with the additional fittings provided by our supplier Créatifs by GL.

For more information, visit your Exhibitor Portal.

#### Remember to reserve:

- Your electrical power supply
- Your fluids (air, water), if necessary
- Your Internet and phone lines

On the Exhibition center Paris Nord Villepinte website: [www.viparisstore.com](http://www.viparisstore.com)

### Important

You must have your stand design approved by our service provider:

ASTECH - [pascal.redon@astech-prod.com](mailto:pascal.redon@astech-prod.com) - tél : + 33 (0)6 83 25 95 12 / <https://www.astech-prod.com/>

On site, the safety officer will check the conformity of stands during setup. In the event of non-compliant layouts, furniture or materials, the exhibitor and their decorator will be required to make any necessary changes at their own expense in order to pass the Fire Safety Inspection on the opening day of the trade show.
