

The logo features the text 'wne' in a dark blue, lowercase, sans-serif font, with 'PARIS' in a smaller, uppercase, sans-serif font below it. To the right of the 'wne' text is a large, stylized number '6' in a dark blue, sans-serif font. The entire logo is set against a white circular background. This circle is part of a larger graphic consisting of two overlapping circles: a larger yellow one on top and a smaller teal one on the bottom. The background of the entire page is a stylized map of France, with the left side in teal and the right side in yellow.

Sélectionnez la catégorie à laquelle vous souhaitez postuler

The screenshot shows the 'INNOVATION AWARDS' application interface. At the top, there is a navigation bar with 'HOME', 'COMPETITION', 'PREVIOUS WINNERS', and 'LOG IN - APPLY'. Below this is a large banner with the 'INNOVATION AWARDS' logo. The main content area is divided into a left sidebar and a main panel. The sidebar contains sections for 'DASHBOARD', 'TRANSACTIONS' (with sub-items: Basket (0), Saved items (0), Complete (2), Incomplete (1)), 'AWARDS' (Nominations (3)), 'ACCOUNT', and 'LOGOUT'. The main panel shows a progress bar with 'Step 2' and 'Step 3 Summary'. Below the progress bar, there is a 'Add to basket' button and a dropdown menu with the text 'Please select an item...'. A yellow box highlights this area. Below the dropdown, there is a 'Basket' section showing '0 items' and the text 'You have no items at the moment.' Another 'Add to basket' button is shown below, with a dropdown menu containing the text 'To boost Nuclear Installation Performance and LTO (Long Term Operation)'. A yellow box highlights the 'x1' and '+ ADD SELECTED' buttons in this dropdown. Below this, there is a small text block: 'The performance of installations and their lifespan (Long Term Operation, or LTO) are major challenges for the nuclear industry to meet medium-term electricity needs. More broadly, performance reflects the ability of an innovation, a company, a collective, an action, etc., to achieve strategic, financial, operational, commercial objectives effectively and efficiently. This ability can be assessed through various indicators such as profitability, productivity, quality, customer satisfaction, etc.'

Sélectionnez la (les) catégorie(s) pour laquelle (lesquelles) vous souhaitez postuler.

The performance of installations and their lifespan (Long Term Operation, or LTO) are major challenges for the nuclear industry to meet medium-term goals. Performance reflects the ability of an innovation, a company, a collective, an action, etc., to achieve strategic, financial, operational, commercial objectives effectively and efficiently. This ability can be assessed through various indicators such as profitability, productivity, quality, customer satisfaction, etc.
